# LDC LOGISTIC DIGITAL COMMUNITY

A virtual community of all the Logistics & Transport Operators

**federlogistica**  
**SERVICE**

SUPPORTING THE AGENDA 2030 GOALS

LOGISTICS & TRANSPORT towards the future

### WHAT

An evolving virtual community **to support the digital transaction of the Transport and Logistics Industry.**

### WHY

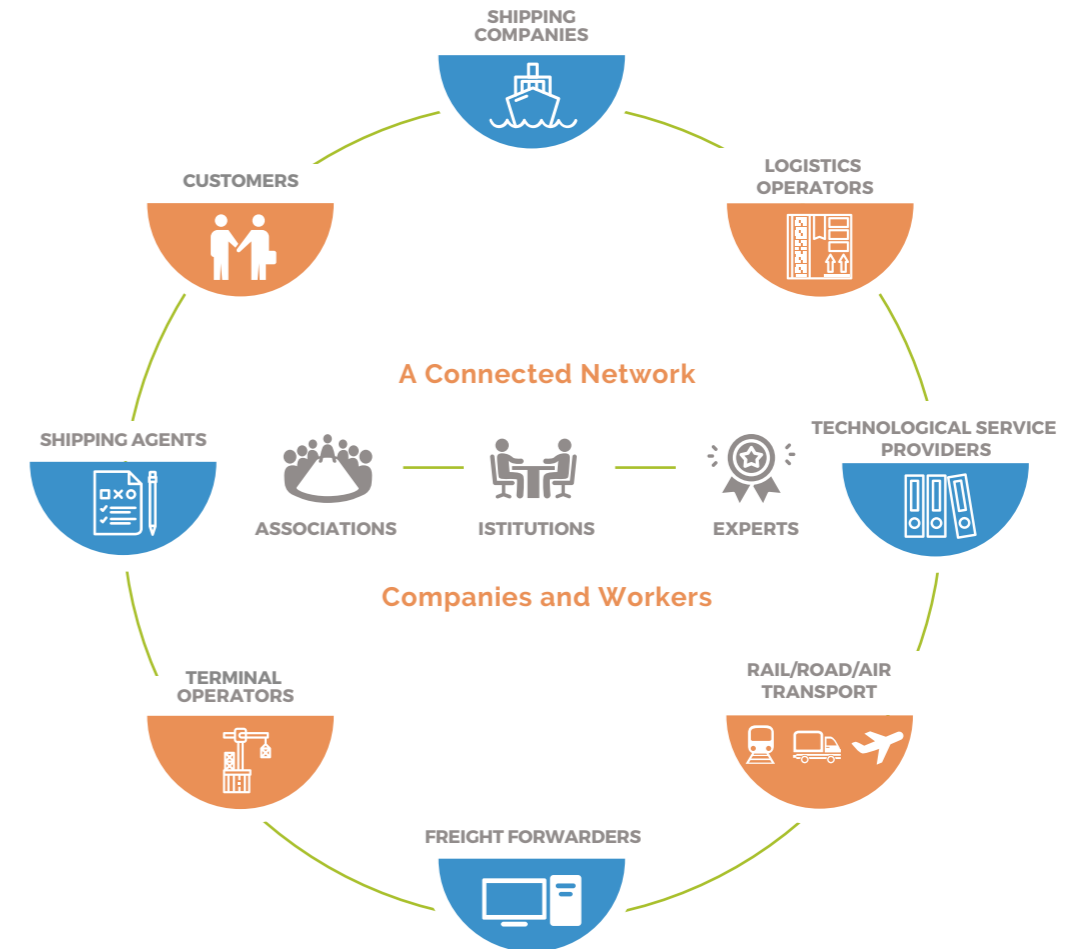

For the digital transaction, a huge amount of **resources coming from the MIMS** has been allocated with the PNRR 2021-26 structural funds.

### WHO

The main characters of the Project are Logistics & Transport Operators companies; our Technical Partners will guide the digital revolution of the industry step by step.

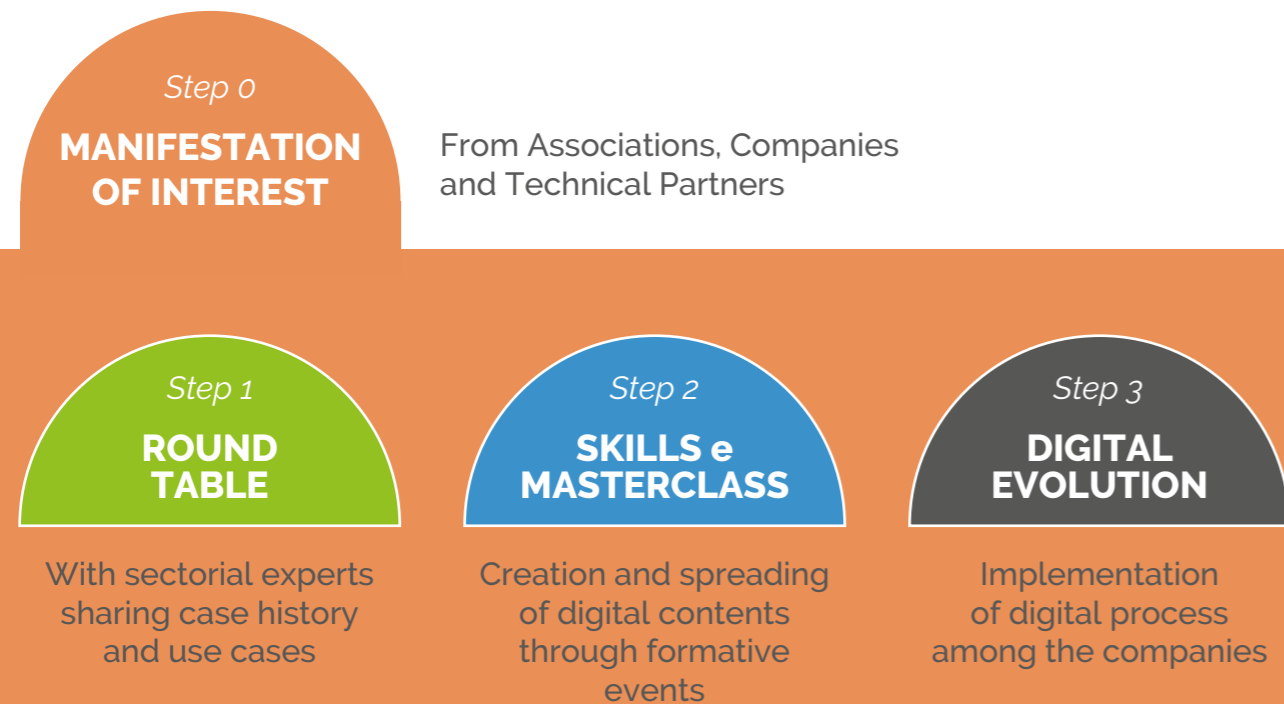

### HOW

The LDC is a selector, aggregator and disseminator of digital formative events: it offers companies the opportunity **to take part in thematic round table, sharing best practices and use cases among the network.**

### LDC PROJECT STRUCTURE

Promoting and leading the digital transformation process

### PROJECT GOALS

Promoting and guiding the logistic digital transformation process

- Digital literacy in a changing world
- Spreading digital culture among companies in interconnected sectors with common interests
- Accelerating the digital skills of workers at all levels
- Transforming the needs of the Industry into concrete responses for the digitalization of business
